

August of 2016

Dear Membership

Just keeping you up-to-date with SASH activities

Introductory Day

Saturday 5th November 2016

Women's and Children's Hospital Lecture Theatre 9am-4pm

Listen to what can be done using strategies in Hypnosis. Speakers include:

- Graham Wicks, who now retired, has had over thirty years of clinical practice in the Women's Children's Hospital (WCH);
- Celia Whittle, an accomplished General Practitioner who has devoted her clinical practice to hypnosis treatments especially in pregnancy;
- Allan Cyna, an anaesthetist in the WCH, who's practice and research interest in communication and current Director of Studies;
- Johanna Saltis, our neuroscientist who can underpin the processes of how hypnotherapy works:
- Nicki Ferencz, one of our current students, will outline what she is learning on the course.

This is aimed at those clinicians registered with APHRA, who may also be interested in doing the 2017 SASH course but want to learn more. Fee charged for this day will count towards the Course.

Tell you friends and colleagues! Further costs and information at:
